MEMORANDUM FOR: Principal Deputy Assistant Secretary of Energy
                    for International Affairs
                  Executive Director, Central Intelligence Agency
                  Assistant Administrator for Policy and Administration,
                    U.S. Maritime Administration
                  Commandant, U.S. Coast Guard

SUBJECT: [   ] Intelligence   STAT

REFERENCE: DNI ltr SER-009/362283 dated 13 May 1983

     1. By the referenced letter, the Director of Naval Intelligence advised
me that he proposes to invite the participation of interested Government
departments and agencies in the design and development of a new, automated
data handling system [   ] and associated data bases for the   STAT
processing, storage, and retrieval of [   ]   STAT
intelligence. He requested the Intelligence Community Staff assist in
bringing together interested organizations for the purpose of determining the
characteristics of such a joint effort and how it might be implemented.

                                                                             STAT
     2. I have asked [   ] to act for me in this matter.
His basic charge will be to work with prospective participants to identify
system capabilities and features needed to meet their organizations'
operational requirements. Given collective concurrence in the design and
performance specifications of the projected system, he will assist in
developing the interagency agreements and mechanisms needed for implementation
and operation. You are invited to have your representative(s) contact
[   ] to participate in this undertaking which will commence
immediately.
